In accordance with ATM ID: SBSWesternSydney25 (Request for Expressions of Interest for the SBS Western Sydney Production Hub), Special Broadcasting Services (SBS) provides the following information for your consideration when formulating your expression of interest response. If you have any queries in relation to this addendum or the Request for Expressions of Interest, please contact [sbswesternsydney@sbs.com.au](mailto:sbswesternsydney@sbs.com.au)

Question	Answer
The Request for Expressions of Interest pdf states that: <i>2.14 Submission files should comply with AusTender requirements for combined file size per upload.</i> However, AusTender has advised that they have no file size limits and that these are determined by entities and are specified in the tender documentation. Can you please clarify if there is a file size limit for our response?	The AusTender Public User Guide at the section Lodge a Response to an ATM states:  “As a general rule the total combined size of your response files should not exceed 5MB.”  However, SBS will accept Submissions that exceed a total combined size of 5MB.
